PROJECTS

Markdown previewer | 1 Day(s)

- This is one of the projects I did as a part of a web development course I did online.
It is a markdown previewer that works similar to the github markdown previewer. I used HTML , CSS , JavaScript and marked.js to do this project.

AR guide for food allergic consumers | 3 Month(s)

- This is an AR application created using unity 3d and vuforia sdk to aid the food allergic consumers in choosing allergen free food.

ACHIEVEMENTS

- Department Topper in school
- Received Scholarship in BE / B.Tech

AWARDS AND HONOR

- Secured 1st place in rangoli competition in college cultural event .
Secured 2nd place in poster designing competition in college.
Secured 3rd place in story writing competition in a college symposium.
